Dennis Kulwicki  
(President)

Rick Carlson  
(Vice-President)

Dawn Schnolis  
(Secretary)

Linda Roon  
(Treasurer)

Chad Rhinehart  
(County Rep)

Jim Schnolis  
(Trail Master)

## President's Message

Hasn't the weather in October been fantastic? If you can remember, we had a low pressure system circulating over the state for five days bringing in rain. And then on October 1<sup>st</sup>, the day of the Grass Drags, the weather turned and has been perfect for the 1<sup>st</sup> half of this month. And the colors for this fall season have been fabulous.

For those of you that attended the Grass Drags this year and pitched in to help with its success, along with the Castle Rock Lions Club, I want to thank you! We were down on the number of participants this

year for both the show and shine, and the number of entries for the racing event. But we had a great turnout of spectator's watching and enjoying this year's event.

As always, I'm out there doing a little club promoting. Talking to people seeing if they are into sledding or not. If so, I give them a Club business card and steer them to our website. I'm all about trying to expand and grow the club. I hope everyone does a little club promoting, such as canvassing old members no longer in the club, to

rejoin, and new ones interested in joining. With the good amount of snow for the past 3 years, snowmobiling interest has been picking up. So there most definitely has to be some interest out there.

As far as club activities coming up, the groomer/drag sled needs some work and we may need to remove a lot of trees and brush off of our trails as a result of the bad storms we had this past spring and summer.

*Think Snow! Let's Ride!*

**-Dennis Kulwicki**

## Meeting Notes

A small group of members held a brief discussion for a few short minutes after the successful grass drag racing event. No official club business was conducted.

The main topics discussed were: brushing & signing our trails, finalizing the date for the Ice Drags, and completing the event calendar for the 2011-2012 snowmobiling season. It was also brought up that the Castle Rock Pink Ribbon Ride will possibly not be run this year.

Also, there was talk about painting and fixing up the groomer. Hopefully, there will be more information on that later.

Club event dates remaining for this season are as follows:

**Club Ride** January 28, 2012

**Ice Drags** February 11, 2012

**Landowner's Dinner** March 31, 2012

Our Club Recreation Director, Dave Pliss, would like to know....f or the club ride this year, would you like to trailer and then ride from a place further up-north, or ride from here?
