## President's Message

OK, OK.....where's all the snow? For the past three years now when the trails opened, we have had plenty of snow by now from some early season snow storms. Well, I kind of know the **problem** and have an **answer**.

The **problem** is that someone in the club that I know has jinxed the snow by getting an early Christmas present from Santa..... a new sled.

The **answer** is that all the months this year have been running one month behind as far as the weather goes. Meaning that this month of

December's weather is actually November's. I still believe that we will have plenty of snow this season, at least when it gets here.

The Christmas Season is my favorite time of the year. Most of all I like all the parties along with the joyous and friendly atmosphere. Wouldn't it be nice if it could last throughout the year?

With that being said, on behalf of our club officers and board of directors, I would like to wish everyone a very Merry Christmas and a Happy New Year!

There are a few dates and activities that you should be planning for and keeping in mind. It would be super to see a great turnout by club members for the Castle Rock Pink Ribbon Ride and the Club Ride. Along with people volunteering and getting involved with the Ice/Outlaw Drags in February.

Think Snow! Let's Ride!

-Dennis Kulwicki

## Meeting Notes

The fourth meeting of the season was held on December 11th at Carlson's. Topics discussed were: Ice Drags, website, County Rep. report, trail master report, and recreation report.

The classes and the rules for the Ice/Outlaw Drags will be the same as last year. After the great job that Jeff Rhinehart did on the food, the master chef will be back at it again this year.

The event has been posted on our website, facebook

page, AWSC website, Wisconsin Snowmobile News Magazine, Adams Columbia Electric Magazine and will elsewhere be advertised and promoted.

The grooming tractor will be picked up from Mortenson Bros. Farm Inc. Along with new shaving blades put on the drag sled, we should be all set for grooming when the snow flies.

Bill Hicks has kindly donated to the club some

good rims and decent tires for our signing trailer.

Remember this year there are procedures, rules, and a policy in place to shut down the trails when deemed necessary due to poor snow conditions.

The club ride this year is February 4, 2012. We will be leaving from Carlson's and riding to the Elizabeth Inn in Plover, Wisconsin.

As a club we now have a set of by-laws.
