(Vice-President)

Dawn Schnolis  
(Secretary)

Linda Roon  
(Treasurer)

Chad Rhinehart  
(County Rep)

Jim Schnolis  
(Trail Master)

## President's Message

Crappity, crap crap! Not another mild winter for all us snowmobiling enthusiasts. Fortunately, as I speak we still have a lot of winter to go. (At least as far as the calendar is concerned.) We still have an opportunity for more snow.

I did manage to go sledding for those 2 weekends of snow that we did get so far. However, I have not run the lake as of yet! I need to see a few more cars, SUVs, and pick-me-up trucks out there fishing before I brave the lake.

I live in the Town of Quincy,

and as you know, ATVs are 'outlawed' in Quincy. It's kind of ironic. The U.S. allows them, the State allows them, Adams County allows them and Arkdale allows them, but not the Town of Quincy. Go figure!

With the lack of snow, it would be nice to be able to run an ATV, but since its 'outlawed', I don't have one.

Our trail master, Jim Schnolis, is ecstatic about grooming our trails this year. With the kindness of Mortenson Bros. Farm this year, the club has a 2012

J.I. Case IH Model 235 Magnum Tractor, with a heated Deluxe Cab which seats two. A special thanks again to Mortenson Bros. Family Farms Inc.

The Ice/Outlaw Drags are coming up quickly, so please plan on joining in on the fun. It's a great club event and is our club money maker. It requires a lot of work, and as always, we need your help.

*Think Snow! Let's Ride!'*

**-Dennis Kulwicki**

## Meeting Notes

The fifth meeting of the season was held on January 20th at Carlson's. Topics discussed were: Ice Drags, website, County Rep. report, trail master report, and recreation report.

The classes and the rules for the Ice/Outlaw Drags will be the same as last year. After the great job that Jeff Rhinehart did on the food, the master chef will be back at it again this year. The trophies have been ordered.

The event has been posted on our website, facebook page, AWSC website, Wisconsin Snowmobile News Magazine, Adams Columbia Electric Magazine, the electric sign at the school in town, and will elsewhere be advertised and promoted.

Jim has groomed our trail twice so far this year.

Remember this year there are procedures, rules, and a policy in place to shut down the trails when deemed necessary due to

poor snow conditions. There are two zones, one North of Hwy. 21 and one South of Hwy. 21

The club ride for this year has been **Cancelled!** We will be standing by waiting for snow and if there is enough snow, an **E-mail will be sent with details** and we will ride on our area trails.

**-Dennis Kulwicki**
