In the area of membership renewals, we're encouraging all members to get their membership renewals in and paid during the months of Sept. and Oct.

As always, we are trying to grow and expand our club. Last year for the 2012-2013 season we had 41 memberships and a total of 76 people. So that means, while I'm not asking for much, we need at least 1 more this year to make us successful. Surely, we can increase our membership by one?
