(County Rep)

Jim Schnolis
(Trail Master)

President's Message

Man... so far, this **winter** reminds me of the **winters** I experienced as a kid growing up. This is what I would call a real **winter**. You know... cold and snowy from the get go and never letting up till Easter in April, when the melting would begin. Spent lots of Easters with snow on the ground.

I grew up on the Polish south side of Milwaukee in a 'Milwaukee bungalow'. In the **winter**, as a young boy, my chore, along with my brother, was stoking the coal furnace in the basement. On weekends cleaning out the

Club Notes

We will be taking nominations for the following club positions for the 2014-2015 snowmobile season. As per our by-laws, we have nominations open for: President, Secretary and Trail Master. (each for a 2 year term) and one slot for a three year term as a Board of Director.

Nominations will take place at the March meeting and the election will be held at the April *Landowner's Dinner* on April 5th.

klinkers/ashes and carrying them out to the alley ash box. We also had to spread the klinkers/ashes on the icy sidewalks. I also remember pedaling the daily evening newspapers after school along with the early Sunday mornings in the cold.

In 1966 I did Navy boot camp at Great Lakes Naval Training Center in the **winter** (January-April) and froze my %#\$ off! Talk about cold!

This season is moving along, as always, rather swiftly. So with the snow still on the ground and a number of events behind us, let's get

A few notes;

Our next club event is the *Landowner's Dinner* starting at 5:00 p.m. at Carlson's on April 5, 2014.

A work-bee will be scheduled for the removal of our signs on the trail. (E-mail will be sent with date & details). This will be the end of club activities for this snowmobile season, with the exception of a brat fry during the summer months at Costa Ricky's beach bar.

For this year we are kind of planning a club picnic and

out and enjoy the ride while the weather permits and there's snow on the ground.

Great job again by the crew that put on the Castle Rock Pink Ribbon Ride. It was an awesome event.

I would also like to thank everyone who pitched in and participated in our *ICE/OUTLAW Drag* event. As always, it was a success!

Start thinking about getting involved and running for an officer position in our club. Nominations will be coming up at the next club meeting.

-Dennis Kulwicki

boating activity, tying it together with the Club Brat Fry! July 19, 2014?

I believe the trails close around April 1, 2014

Think snow! Let's Ride!

-Dennis Kulwicki
