President's Message

Geeezzzz!!! Normally at this time of the year we are on a summer hiatus. No longer true! The ATV/UTV trails are open and we have moved on to the emphasis of those PowerSport toys. And you guessed it...I don't have one as of yet!

Well Denden, what's the status of riding ATV/UTV's in the Town of Quincy? Err... I don't know. We're working on it. The Russians are hacking us and slowing down the process, ask Mary Firari! No, really. Here's the scoop!

As you all know, we have put together a super ATV/UTV committee for the

Town of Quincy and we are working diligently behind the scenes, quietly, flying under the radar, in a double top-secret mode, with hopefully no leakers!

I hope everyone has taken the time to read the results from our club ATV/UTV survey! It will give you an idea of what club members are thinking or have in their minds, and give us a general consensus in the world of ATV/UTV's. It will also give the 'double top-secret committee' some guidance and ideas as we move along through our project.

Meeting Notes & News

The Rustic Ridge Riders met on May 28, 2017 at Costa Ricky's Beach Bar.

Trail Master reported that everything with the snowmobile trails has been completed and all documentation for grooming from the season has been turned in. And that we are still waiting on a check from Adams County.

Website is up-to-date and all changes to add ATV/UTVs has been incorporated. Read all information under the 'Join

Our Club' button for all precise information. The club dues for 2017-18 has increased to \$25.00 a year.

The results from the club ATV/UV survey was reviewed at the meeting and has been emailed to the club members.

The Beach Brat Fry Raffle tickets were distributed to the members at the meeting.

Thanks to everyone who pitched in and made the DJ Bar & Grill Lawnmower Race Brat Fry a success

I can tell you that we are on queue with our task list and timeline for this project. Currently we are working on the ATV/UTV road route/trail. Lots of information will be forth coming by the end of this month.

What we do need is for everyone to keep talking and promoting the town of Quincy as a great place for recreation, tourism, retirement, and ATVing!

-Dennis Kulwicki
