President's Message

I can't believe it! The 2017-18 snowmobile season is upon us. One quick question, where did our summer go to? I'm sure that all of you are asking the same question. This past summer for me has been fast moving and extremely busy. Especially with the ATV/UTV stuff that we have taken on this year in our club.

It would have been so much easier if we could have just joined the WATVA Association and those of us in Quincy could of just pulled out our ATV's and took off for a ride. But, as always, things aren't always that easy! The

hardest and most important part of this ATV/UTV project is coming up with an acceptable and approved route. One big obstacle is staying off of the county roads. It's impossible. And guess where all of the businesses are located? On the county roads.

How about this... I can ride my moped scooter on any road and it's legal. You can ride a bicycle on any road and that is legal. So, what's the problem? Most bicycles aren't even road-ready. No front lights, no rear lights, no brake lights, and no turn signals. A lot of them don't have any horns

Meeting Notes & News

The Rustic Ridge Riders met on August 27, 2017 at Costa Ricky's Beach Bar.

At the first monthly Adams County Snowmobile Association meeting, attendees were informed that due to all the rain we've had, there's about three and a half feet of standing water on some portions of our snowmobile trails that's not soaking into the ground. As a result, there will be a temporary route running up 18th Avenue. Snowmobile route maps are being re-done.

Dennis attended the July 27th Quincy Town Board meeting & presented our club proposal. Dan Wysocki, from the Quincy Board, volunteered to be on our ATV/UTV committee. Plans are to have a final ordinance presented to the Town Board for approval & vote into law at the the October Town Board meeting.

Our club Hayride will take place on October 28th. A trailer is still needed for this event.

either and they can't keep up with the flow of traffic no how. And anyone born after 1985 doesn't need a bike safety course. Makes no sense! At any rate, we are pursuing the right to ride ATV/UTV's in the Town of Quincy.

Let's get those club membership renewals in quickly. Preferably in the months of September & October. As always, I'm pushing and promoting our club to increase our members by at least one each year over the previous year.

-Dennis Kulwicki

Let's Ride! Go PowerSports!

Trail passes are still \$10.00 and need to be signed up for.

The Beach Brat Fry & raffle were both a huge success. Raffle winners are listed on both our website & on the next page of this newsletter.

Due to the lack of snow we had last winter, a "destination" ride, instead of a local ride, was brought up for consideration.
